HORIZONTAL/VERTICAL SQUARE WELDED STEEL TANKS C SERIES

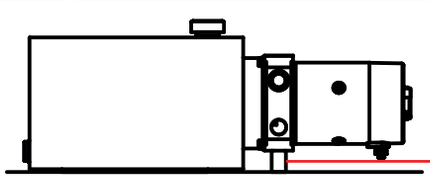

Description	Spare part code	Assembly code	L (mm)	B (mm)	ØD (mm)	Weight	Actual filling volume lt (gal)	
							Horiz.	Vertical
10 l square horiz. / vert. mounting	**E60303042**	**10C / 10CV**	330	185	1/2 BSP	5,50 Kg	9,6 (2,54)	8,1 (2,14)
22 l square horiz. / vert. mounting	**E60303044**	**22C / 22CV**	470	223	3/4 BSP	6,80 Kg	20,6 (5,44)	18,5 (4,89)

All dimensions are in mm

Material	Fe P04-EN10130 steel sheet 1,5mm thickness, 2,5mm thickness flange	**Fluid**	Mineral based oil ISO/DIN 6743/4	**Working temperature**	-15 / +70°C

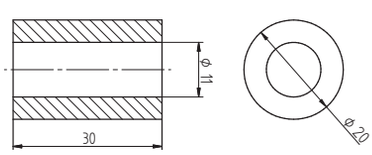

Accessories

Tanks central manifold supports:

XXFTH00004

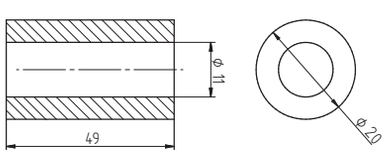

Use for E60303042 tanks

XXFTH00005

Use for E60303044 tanks

Notes: the piping kit, standard suction filter, filler/breather and drain plug are included when specifying the tank in PPC assembly code. When ordering spare parts, only the drain plug and filler/breather are included.
On request special square welded tanks can be manufactured. An inquiry must be sent to our technical department with indication of quantities.
